Mrs. Betsey Hoffman of Barton, aged 96 years, had a doctor last week, the first time in eight years.

After last Friday's heavy storm, the electric cars from St. Albans to Swanton did not run for a week.

East Berkshire has a grain famine, which is felt by farmers and poultry keepers. Merchants are not able to get transportation.

Mrs. John Davis of Jericho was badly burned about the head recently when her celluloid comb caught fire as she was working over the stove.

Dr. E. C. Campbell, a Springfield veterinarian, has been appointed a member of the bureau of animal industry of Massachusetts and has gone to Boston to remain.

Jennie Dukett was badly bitten on her thumb while trying to administer medicine to a pet cat recently at her home in Bridport. The bite was so serious a physician had to be called.

By the will of the late Mrs. Mary L. Morse of Bellows Falls the Congregational churches of Westminster and Bellows Falls will divide equally the sum of \$6,014.92. Only the income is to be used.

## Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin, a natural rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and like-wise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly and ailing-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nervous wrecks," "run-downs," "brain fags" and pessimists we should see a virile, optimistic throng of rosy cheeked people everywhere.

An inside bath is best by drinking each morning before breakfast, a glass of hot water with a teaspoonful of lime-salt phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headaches, biliousness, nervousness, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of lime-salt phosphate at the drug store, which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation.

We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do—Adv.

## Use "Gets-It," Lift Corn Right Off

Shrivels, Loosens—and It's Gone

"Just like taking the lid off—that's how easy you can lift a corn off your toe after it has been treated with the wonderful discovery, 'Gets-It.' Hunt the wide world over, and you'll find nothing so magic, simple and easy as 'Gets-It.' You folks who have wrapped

your toes in bandages to look like bundles, who have used salves that turned your toes raw and sore, and used plasters that would shift from their place and never 'get' the corn, and who have dug and picked at the corn with knives and scissors and perhaps made them bleed—just quit these old and painful ways and try 'Gets-It' just once. You put 2 or 3 drops on, and it dries at once. There's nothing to stick. You can put your shoe and stocking right on again. The pain is all gone. Then the corn dies a painless, shriveling death. It loosens from your toe, and off it comes. 'Gets-It' is the biggest selling corn remedy in the world to-day. There's none other as good. 'Gets-It' is sold by druggists everywhere. It's a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Barre and recommended as the world's best corn remedy by F. G. Russell and E. A. Brown—Adv.

route from Enosburg Falls, took a pair of snowshoes when he started out Sunday and when he got as far as the team could go, made the eight miles beyond there on the snowshoes. He was unable to get through at all Saturday, and made the trip Sunday instead.

John Baltus, an inhabitant of the Polish colony in Morrisville, froze both feet while attempting to walk back to that place from Hardwick Friday night. He is in the Mary Fletcher hospital at Burlington in a very critical condition, and it is expected both feet will have to be amputated.

Howard Miller, a Burlington high school boy, purchased a bottle of ether for cleaning purposes and placed the bottle in his pocket. The cork became loosened and the ether spilled on his handkerchief, so that when he put the handkerchief in his nose, not knowing that the ether was on it, he became unconscious and fell to the floor.

## ALLEGED BURGLAR CAUGHT.

Was Hiding Under Automobile in a Burlington Garage.

Burlington, Feb. 16.—The police department rounded up a nest of criminals during the past 24 hours, when they took in custody John Crowley, who is alleged to have committed several recent burglaries, and Henry Sullivan, who is charged with breach of the peace, but who, in reality, is charged with beating a man up for the purpose of getting his money.

Crowley was arrested in the salesroom of Ernest H. Russell, on St. Paul street, where he had concealed himself beneath an automobile. He had broken in the rear window presumably for the purpose of appropriating a few inner tubes and other value.

The store next door, that of the Cole Automobile company was also broken into in the same manner, but no goods were found missing in that place.

Crowley was found by Officers Brodie and Hanlon, lying beneath the running board of a car near the front door of the store. He had entered by breaking the rear window and turning the key in the lock, which is the same method used in breaking into the store of Michael Ryan on Battery street.

The police went to work this morning on the evidence, and searched Crowley's house, and even went through his fishing shanty on the lake. They found nothing incriminating in the shanty but at the house found a whole lot of things which looked suspicious. One was a carton of chewing gum, another was a box containing a dozen boxes of snuff, and a third was a crate of chewing tobacco.

Similar articles are missing from the Ryan store so the police believe that Crowley is the man who broke into the store of Ryan. A ring owned by Mr. Ryan was found in Crowley's pocket.

## STATE AGGIE NOTES.

Much enthusiasm is being shown at the debates given by the Vermont State School of Agriculture at Randolph Center. Wednesday evening the debate was followed by the Y. M. C. A. entertainment—selections by the V. S. A. orchestra, violin solo, clog dancing, reading, vocal solos and impersonations. After the entertainment refreshments were served and the V. S. A. orchestra played for a promenade. A large attendance of townspeople helped to make the evening very enjoyable.

## SAYS THAW'S MIND IS HAZY

Can't Be Extradited Now, Physician Announces—Progressing Slowly.

Philadelphia, Feb. 16.—Harry K. Thaw's expedition to New York for trial on the charge of abusing a boy may be deferred indefinitely because of his condition, it is reported. Henry J. Scott, attorney here for the Thaw family, said: "Thaw is certainly not in condition to be removed."

Thaw has been in St. Mary's hospital here since he cut his throat early in January, when he learned that he was sought by the New York authorities.

"Thaw is progressing very slowly and his mental condition is hazy," said the physician, Dr. Elwood R. Kirby, yesterday. "He is not replenishing his supply of blood as rapidly as is usually the case."

"I do not know whether the delay in Thaw's recovery is due to his blood making organs being in a weakened condition for a long time or whether it is the result of the shock to his system at the time he cut his throat."

Dr. Kirby admitted that Mrs. Mary Copley Thaw, Harry's mother, wished to have him taken to some retreat as soon as possible instead of letting the New York authorities take custody of him.

"He certainly will not be able to leave St. Mary's for two weeks at least," Dr. Kirby added.

## FOOD BIG WAR PROBLEM.

H. C. Hoover Thinks U. S. Can Best Help by Furnishing It.

Washington, Feb. 16.—One of the biggest problems for the United States to consider in connection with any preparations for war, Herbert C. Hoover, of the Belgian relief commission, told the Council of National Defense yesterday, is the likelihood that the United States must become the chief source of food supplies for the world.

Mr. Hoover argued that every effort be made to conserve our food resources and to stimulate extra production.

## GRAY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite Recipe Of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick, and glossy and you look years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how the "clear" clouded brain and eyes "perk up" the spirits. 10c and 25c a box. All druggists.
